

MD. ABU SAYEED

Chittagong, Bangladesh | +8801813551732 | ms2150125@gmail.com | [GitHub](#) | [LinkedIn](#)

ACADEMIC PROFILE

High-achieving Science background student preparing for undergraduate studies in Computer Science & Engineering or Information Technology. Strong academic foundation with SSC GPA 5.00/5.00 and HSC GPA 4.75/5.00. Skilled in C/C++ programming, web development fundamentals, and IT support, complemented by industry certifications in Cybersecurity (Cisco) and Cryptography. Runner-Up at IIUC Poster Presentation & Idea Gen'26 with a proven passion for problem-solving and technical innovation.

ACADEMIC HIGHLIGHTS

- Higher Secondary Certificate (HSC), Science — Uttor Kattoli Alhaj Mostafa Hakim Degree College, Bangladesh | 2024 | GPA: 4.75/5.00
- Secondary School Certificate (SSC), Science — Bangladesh Railway Government High School, Bangladesh | 2022 | GPA: 5.00/5.00

CERTIFICATIONS & TRAINING

Certificate of Skills Training — IT Support Service | UCEP Ambagan TVET Institute | 01 Apr 2025 – 30 Jun 2025 | 3 months

- Completed competency-based training covering occupational health and safety, basic computer applications, internet and Office application use, IT support service fundamentals, PC assembling, operating-system installation and optimization, basic networking, software installation and utility configuration, data backup and recovery, and personal computer maintenance and troubleshooting.
- **Introduction to Cybersecurity** | Cisco Networking Academy | Issued: 24 Sep 2026 • Completed foundational training covering network security principles, threat landscape analysis, data confidentiality, privacy practices, and essential defensive strategies to safeguard digital assets.
- **Introduction to Cryptography for Beginners** | Online Skill Certification | Issued: 28 Aug 2026 • Gained core competency in basic cryptographic algorithms, symmetric and asymmetric encryption principles, hash functions, and fundamental data security protocols.
- **Runners-Up — Inter-Semester Poster Presentation & Idea Gen'26** | CCE Club, International Islamic University Chittagong (IIUC) | 2026
 - Conceptualized and presented an innovative technical project proposal, demonstrating strong skills in problem-solving, analytical thinking, technical communication, and team collaboration.

TECHNICAL SKILLS

- Programming: C, C++, Python
- Computer Science: Data Structures and Algorithms, Object-Oriented Programming, Problem Solving
- Web Development: HTML5, CSS3, Bootstrap, JavaScript
- IT Support: PC assembling, operating-system installation and optimization, basic networking, software installation/configuration, backup and recovery, PC maintenance and troubleshooting
- Tools & Platforms: Git, GitHub, Visual Studio Code.

SELECTED PROJECTS

Blood Bank Website | HTML, CSS, Bootstrap

- Built a responsive frontend interface for a web-based blood bank project, focusing on clear navigation and structured presentation of blood donation and blood request information.
- Contributed to frontend page layout and responsive design for different screen sizes.

Repository: [Blood-Bank-Site](#)

Scholarship Tracker | HTML

- Created a web-based interface for organizing scholarship information in a structured and accessible format.
- Designed the project around scholarship discovery and presentation as a practical education-focused use case.

Repository: [Scholarship Tracker](#)

Personal Portfolio Website | HTML, CSS, Bootstrap

- Developed a responsive personal portfolio website to present academic background, technical skills, and selected projects.
- Focused on clean page structure, responsive presentation, and accessible navigation.

Repository: [My Portfolio Web Site](#)

C++ DSA Practice | C++

- Maintains a public repository for practicing C++ programming, data structures, algorithms, and problem-solving techniques.
- Uses structured programming practice to strengthen core Computer Science fundamentals before undergraduate study.

Repository: [CPP-DSA](#)

C Language Practice | C

- Maintains a public repository of C programming exercises to strengthen fundamental programming concepts and syntax.

Repository: [C Language](#)

LEADERSHIP & COMMUNITY SERVICE

Executive Member — Mostafa Hakim Blood Bank

- Participated in organizational activities connected with blood donation and community service.
- Worked with team members in a volunteer environment, developing communication, collaboration, planning, and organizational skills.

PROFESSIONAL DEVELOPMENT

- Python Programming — freeCodeCamp | Currently Learning
- Continued independent learning in C/C++, Data Structures and Algorithms, JavaScript, Web Development.

LANGUAGES

- Bengali — Native
- English — Working Proficiency
